E-News Letter

March 2026

March is examination month, and the final term is scheduled from the 16th to the 19th of March, covering all units across various skill areas. Classes continued as per the routine, featuring a mix of tabletop activities and activities of daily living (ADLs).

The Parent-Teacher Meeting (PTM) took place on the 28th of March, where parents were able to collect the Term Report Cards. They engaged in discussions with teachers and therapists about their child's progress. During this meeting, parents also voiced their key concerns regarding their children, which the school aims to address moving forward.

Students always look forward to the fun of the Festival of Colours at the school compound. The pre-Holi celebration was on 2nd March, where students made colourful posters class-wise. There was a blast of colours in the field with music, followed by sweets.

We have upgraded the occupational therapy unit with some OT equipment to cater to the needs of students.

The tea packaging unit functions almost without supervision, where the trainees complete a series of tasks.

It was wonderful to have Mr Shaibal Dutt, MD Goodricke Group Ltd. & Mrs Dutt at GSSE on 25th March during the term break of students. They met the entire team & went around the school to all the units, interacting with the faculty members.

Blooming Garden at GSSE in March.
